Specification 415
QPL Number S415-0010**

Dear Mr. Mulhall:

Evaluation of the above referenced product is complete. Results of the evaluation indicate the product meets the requirements of the above referenced specification and is therefore approved for inclusion on the Qualified Products List (QPL) and use on our projects. The Department assumes no responsibility for the performance of this product.

Any modifications or alterations of an approved product including design, materials, or operational improvements, must be resubmitted along with supporting documents for review and approval by the Department of Transportation. Changes in your address should be made to this Office within 30 days.

You are also required to re-qualify this product on or before its approval anniversary date as identified on the QPL in accordance with current Transportation Product Evaluation Procedure. This product will be removed from the QPL if inadequate field performance is documented in accordance with Department policy and procedure or if the product is altered in any way without notifying this office.

Any questions regarding this correspondence should be directed to Barry E. Smith, Product Evaluator at (850) 414-4776 or e-mail to barry.smith@dot.state.fl.us.

Sincerely,

Duane F. Brautigam, PE
